

THE PIG'S HEAD

PUB COMPANY

FLOOR STAFF

We are on a mission to prove that a top quality pub & restaurant doesn't need to cost the earth. Recently certified carbon neutral, we work with environmentally mindful farmers, and are stocking sustainably sourced wines and spirits. Our furniture, crockery and glassware is reclaimed, our electricity is green and we are composting food waste on site using our in house composter Doug the Destroyer.

We're looking for passionate and friendly servers who can help us deliver what we believe is Clapham Old Town's best pub & restaurant, in an environment where you will be treated with respect and you will be proud of what you do.

We are currently looking for one full time staff member (30+ hours) with at least 1 years experience from a similar role. To apply or for any questions about the role, please email us at crackling@thepigshead.com.
